If you are a CEBS Compliant graduate and current ISCEBS member, you have the opportunity to attain ISCEBS Gold membership status. Getting there is as easy as 1-2-3!

For more information and to claim your ISCEBS Gold Member digital badge, click [here](#) to visit the Society page. Here's your chance to show off and represent the best of the employee benefits profession.

CEBS COMPLIANCE

CEBS Compliance status is a formal recognition of the ongoing, career-long professional development that CEBS graduates maintain to best serve their plan participants, employers, and other stakeholders. CEBS Compliance means you are a leader in the profession.

It means that the professional development activities you are already doing—for professional enrichment, to maintain a license or designation, or just to stay up to date—can be formally recognized for contributing to the professional currency that CEBS graduates are known for.

Maintaining CEBS Compliance status helps you keep your professional skills sharp. It upholds the reputation of the CEBS designation and the community of benefits professionals who have earned it.

As a Society member, you have access to a variety of educational activities that you can apply towards CEBS Compliance. Complete details on CEBS Compliance, including eligible topics and frequently asked questions, are available at www.cebs.org/compliance. Familiarity with this information will help you be sure you're earning and reporting your credits correctly.

Questions? Contact CEBS at cebscpe@ifebp.org or 888-334-3327, option 3.
